Languages

English (bilingual)

- Lived 7 years in FL, USA

Spanish (bilingual)

- Native

Hello, my name is Andrés and I'm a proactive front-end engineer with a passion for details and clean code, currently working on high-value data analytics projects at TASA. I'm organized, inquisitive, flexible, work very well with teams, and have great communication skills. Bilingual (english and spanish) and result oriented.

JavaScript • Python • HTML5 • CSS3 • Socket.io
React • Node.js • Git • SQL • Azure • Jira

Projects

Online Multiplayer Chess (see code here)

made in JavaScript with socket.io, express & node.js

- Real-time client-server communication with socket.io
- Emphasis on modulation, clean code and MVC principles

Portfolio (see here)

made in JavaScript, HTML & CSS Grid and Flexbox

- Use of Javascript, animations, transitions and JQuery libraries to bring life and interactivity to the user experience
 - Highly mobile responsive design following ES6 principles
-
